THE ART OF OPENING TO MONEY AS A LOVER

THE ART OF OPENING TO MONEY AS A LOVER

In Tantra of Money we look at money as a lover, as a relationship.
What if money was the most exquisite, delicious lover in front of you
how would you open up to them, how would you talk to them,
how would you keep yourself in integrity, turn on and aliveness,
in your body, mind and energetically?

MONEY IS ENERGY AND YOU CHOOSE

Money is only an instrument, you choose what to believe about it,
you choose how to play it, you choose what it means to you.

The vibration and the energy of your thoughts, how you feel about it,
and how you connect with money, whether is conscious
or subconscious create the reality around you

MONEY MANTRA

If you were born in a society that was integrated around money, where the people were compensating with way more abundance than they knew what to do with, where your uniqueness, aliveness and Soul expression was highly compensated, what would be your mantra around money?

POLARITY OF MONEY

Money as everything in life it has the feminine energy
and the masculine, as much as the yin and yang.

Money needs the masculine energy to bring structure, clarity,
alignment, presence, and it also needs the feminine to create,
to expand beyond the container, to connect to pleasure,
turn on, authenticity and aliveness.

POLARITY IN LEADERSHIP

This is not about changing your inner nature
but it's about understanding when we operate from
the wounded polarity and also about creating a healthy ecosystem
within us and integrate the polarity that needs some attention,
as they are both needed for thriving in leadership

LIBERATED FEMININE

YOUNG/WOUNDED FEMININE

Lost in the victim, needs money to, doesn't trust
money/the masculine to be there for her

MATURE FEMININE

She desires, she knows that another way is possible,
a way where her aliveness and pleasure matter

LIBERATED FEMININE

She's a life force of nature, she opens up to her yearnings
she's in full devotion to her turn on.
She's the full embodiment of life and abundance and she knows that
money/the masculine is always there for her

LIBERATED MASCULINE

YOUNG/WOUNDED MASCULINE

Works hard, pushes for results, needs to be in control
and has fear of losing it all

MATURE MASCULINE

Creates healthy structures, is deeply rooted in his purpose and self worth,
is comfortable in being seen

LIBERATED MASCULINE

Listens to her needs (money) he knows how to hold her through her cycles.
He doesn't need to control, he has got himself and trusts the mystery.
He knows that if he allows love to open him wider he can co-create with her
and expand to even more abundance than he can even imagine

FEMININE OF MONEY

MONEY NEEDS YOUR TURN ON

When you truly connect to your authenticity you open up to be met from God, The Universe, Money & to your Lover

Money is deeply sexual, open up your body to your eroticism and aliveness

Connect to true pleasure, what is pleasurable in the long term

Love, love what you do, come always back to the deep love and devotion
of who you are and what you offer into the world

Drop into the Art of wanting, the endless foreplay with money... how can you feel the gratitude and turn on even when it teases you, even with the single dollar or sign that everything is already around you even when you don't feel it or see it yet

Spend money in abundance alignment and turn on

MASCULINE OF MONEY

MONEY NEEDS THE STRUCTURE, THE VISION AND YOUR FULL PRESENCE

What is your most authentic and aligned vision, your purpose?

You are worthy of having anything you desire because you are, we all are!

Be present with money when you spend

Value yourself, be in integrity to your heart, to your body and to your turn on

Clear boundaries not to limit yourself but because they turn you on for in bigger picture

Always come back to your mindset, be conscious and present in the way you speak around money, and start changing your mindset, through journalling, visualisation, words

You attract who you are, bring attention into your body and feelings, it might take a bit to integrate some parts and old behaviours but you are doing it.

CONNECT TO YOUR DEEP CORE YEARNING

When the WHY is strong enough
you will find the HOW

AUTHENTICITY IS SEXY

Money loves your authenticity and turn on!
Your turn on is your authentic self (not the good girl that is trying to be pretty and be sexy) but the most raw and authentic expression.
Your alive, embodied version of self, your primal energy, the light and the shadows, the pleasure and the pain.
How can you open up in your body and devote yourself in your full vulnerability (not victim self) to money right now?

DREAMING BIG

The Art of making more money of what you know what to do with,
expand your vision.

Connect with your future self, the part of you that has lived that deep
wisdom before, the part of you that knows that
what you have been doing so far as much as it's perfect,
it also hasn't accessed the full potential of vision yet, so...
how can you expand yourself to the big vision?

EMBODY YOUR FUTURE SELF

How can you start to embody right now the part of you
that can access infinite abundance?

How do you feel now that you have what you are calling in?

How is your body feeling?

What thoughts are you having?

SAFETY IN THE NERVOUS SYSTEM AND SELF WORTH

One of the key secrets to money is to heal old patterns connected to
our self worth through our bodies
so that we can create safety in our nervous system to create more
money, to hold bigger amounts and also to feel safe to expand,
enjoy them and invest them

SELF WORTH

We are all innately worthy of having it all, of making money through our gifts
and to live the life of our dreams.

And yet, healing ancestral generational unworthiness takes time commitment
and lots of support.

As any other healing journey when we devote ourselves to the work we start integrating
all the parts of us that don't feel deserving of what we deeply desire.

This conditionings are deeply created from our environment, family and society.

However if other people have done it so can you!

Keep connecting to our yearning, and you will be guided to find the right mentors,
books, podcasts, guidance and more...

THE ART OF FLIRTING

Open your body to turn on even when what you receive it's not what you expect, how can you be turned on by the foreplay, by the little signs that it's coming, by the dollar, by the only one client that is showing up when you are calling in 10/50/100's

How can you stay in gratitude, stay open in your body and flirt, when you receive only a kiss and you deep down desire to make love for hours?

CELEBRATE

Celebrate money, don't take them too seriously.
Money wants you to have fun, to loosen up
and enjoy!
